Square, 8 p.m. tonight

Did you know that the local government want to build a landfill site in Pingle Wood? If we ~~don't do~~ *won't do* something now, it ¹*will be/be* too late.

A landfill site is always bad for the environment because if rubbish from landfill ²*gets/will get* into a river, it often kills everything in the river. And if a landfill site is near houses, it usually ³*will smell/smells* very bad, too.

If the government ⁴*will build/builds* this landfill site, we will also lose all the trees in Pingle Wood. Our village will change forever.

Governments never listen to people unless they ⁵*organise/will organise* meetings and protest. So come to our meeting tonight and say 'No!' to the Pingle landfill site. We ⁶*don't stop/won't stop* this landfill site unless we all fight it together.
